Director's report from Will. Plans are underway to create a standard template to share each musical selection we have performed throughout the year. Each department will display a small laminated poster on the timeline in the hallway complete with a QR code that links to our concert recording. Orchestra, band and choir will all be color coordinated regarding the poster displays. Student exec board will be involved with the wall decorations. The trip to New York is full and there are plenty of parents to chaperone. There is one bus going. There will be a two hour clinic session at Oberlin College. We have a new TV for the orchestra room.
